CAREER EXPERIENCE CAN MAKE A DIFFERENCE!

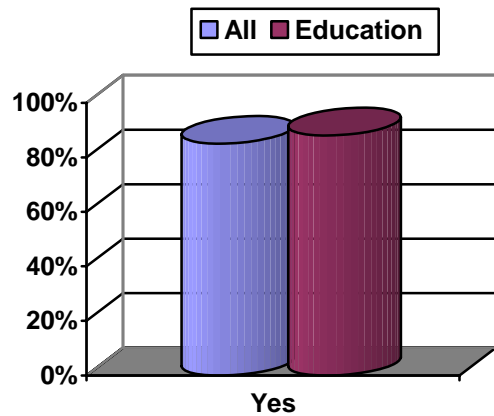

Overall, 90% of Education College respondents indicated they worked while attending school and 71% of those characterized their work as primarily full-time.

Of the students who reported working while in school, 76% said their pre-graduation employment was related to their field of study. The national trend continues as students with career-related experience develop marketable skills and networks of employer contacts leading to greater success in their career searches upon graduation.

Do you believe your UNLV education has prepared you for your chosen profession?

Did the degree you recently completed through UNLV help you obtain, enhance your status in and/or make you eligible for promotion in your current position?

**JOB OUTLOOK:
Continued Improvement!**

The job market for 2005 – 2006 graduates was much improved, with more employers seeking UNLV students and alumni than in the previous 4 years. Graduates reporting career-related current employment status within 3 months of graduation revealed good results for all career interests and college majors (see chart that follows).

Over 80% of all Education graduate respondents felt their degree helped them obtain, enhance their status in, and/or made them eligible for promotion in their current positions. **The good news is On-Campus Recruiting interview opportunities significantly increased for the second year in a row, by 28% overall.** Clark County School District remains a leading employer of UNLV teacher graduates as demand continues to exceed supply. **82% of College of Education graduates** reported employment upon graduation with **85% of those in their chosen career field.**

Responding students identified our 'career handbook', 'Career Services website' and 'In-class presentation by a staff member' as the top three tools they utilized from us. Students should use all available tools in their job searches, including the online web-based job and internship postings, Resume Books, and On-Campus Recruiting, all part of **UNLV CareerLink**, our online recruiting management system. In addition we host career fairs twice a year, which are great opportunities for networking and researching current and future employment and internship opportunities.
