For College of Education graduates, 94% of respondents indicated they worked while attending school, well above the average for all students (86%). Of those who did work, 75% characterized their work as primarily full-time, once again well above the average for all students (55%).

Of the Education graduates who reported working while in school, 83% said their pre-graduation employment was related to their field of study. **Do you believe your UNLV education has prepared you for your chosen profession?**

**Did the degree you recently completed through UNLV help you obtain, enhance your status in and/or make you eligible for promotion in your current position?**

**JOB OUTLOOK:  
Continued Improvement!**

The overall job market for 2007 – 2008 graduates continued to be good, with an increased number of employer visits seeking UNLV students and alumni over the previous year. Overall On-Campus Recruiting (OCR) interview opportunities increased slightly over last year. Some OCR activity resulted in 2% of survey respondents from the College of Education reporting receiving offers (Clark County School District no longer recruits on campus).

**Education majors reported an 83% employment rate (average 70%), and 93% career-related employment (average 69%).** In addition, 38% of the respondents who identified themselves as unemployed were **not** currently seeking employment, of which 18% were actively seeking grad school.

Also of note: 70% of College of Education respondents felt their degree helped them obtain their position or get a promotion, compared to the average of 51% for all respondents. Education respondents identified our career handbook, in-office computer lab, and website as the top tools they utilized from Career Services.

Students are advised to use all available tools in their job searches, including **UNLV CareerLink**, our online recruiting management system that includes job and internship postings, Resume Books, and On-Campus Recruiting. In addition we host career fairs three times a year, providing great opportunities for networking and researching current and future employment and internship opportunities.
